

Rolls-Royce Foundation Presents
General Maintenance and Safety Inspection
Saturday April 28th, 2018

The Rolls-Royce Foundation presents a 'must-attend' **General Maintenance and Safety Inspection** seminar for Owners, Enthusiasts, and DIYers of all Rolls-Royce & Bentley Early Post War (1946-1955), Silver Cloud/S Series, Silver Shadow/T Series, Silver Spirit/Spur and Bentley companion models up to the late 1990s. Prewar and Modern car owners are encouraged to attend as well.

Rolls-Royce Owners' Club (RROC) Technical Consultants Ralph and Simon Curzon, will be on hand to provide insight, answer technical questions, and are offering this '**Service Clinic**' for the attendees. Car owners are encouraged to bring their personal vehicles, and the Curzon's will take approximately 20-30 minutes per car, inspecting what can be viewed without removing wheels or inspection panels. They will point out components that are worn or require improvement or immediate attention. Owners bringing their personal cars will benefit most from this seminar! Attendees not bringing a car will be able to listen to their inspection and ask questions pertaining to the model currently being inspected.

Don't wait to register- 25 maximum cars!
\$50 for Rolls-Royce Foundation and RROC members
\$75 for non-members
Registration fee includes lunch

Seminar Schedule

- 8:30am open for coffee & donuts
- 9:00am introductions and begin inspections
- 12:00-1:00pm - lunch break
- 1:00-5:00pm - continue and finish inspections

All Attendees are invited to a "No-host" dinner afterward at a local restaurant TBD.

About the Rolls-Royce Foundation

The Rolls-Royce Foundation is an independent, non-profit, charitable 501(c)(3) organization dedicated to the preservation and promotion of the heritage of Rolls-Royce and Bentley Motorcars. Our museum includes cars from across the line of Rolls-Royce and Bentley models, and a selection of related materials in changing displays. An extensive library holds books, technical manuals, handbooks, sales literature and periodicals, as well as historic documents that document individual chassis. The library is available to researchers and browsers, but the materials do not circulate. The Foundation is open to the public, free of charge, Monday - Friday from 10:00 AM until 4:00 PM EST. Last tours are at 3:00 pm. For additional information please contact us at 717-795-9400 or email us at rrfoundation@comcast.net

The Rolls-Royce Foundation is maintained by volunteer time and funding. **The Friends of the Foundation** meet regularly to drive the cars and do routine maintenance. Seminars, technical and informational, hands-on and lecture-style, are a part of the educational focus of the Foundation. Visitors are welcome to come and have a personal encounter with some of "The Best Cars in the World".

About Ralph Curzon

Ralph Curzon is an RROC Life Member, Technical Consultant, former RROC Chief Judge, and current RROC Board Member. Ralph started his apprenticeship at RR Motors, Hythe Road in 1968. In the early 1970's Ralph immigrated to Canada, settled in the Toronto area and founded Hyphen Repairs, INC., a Rolls-Royce and Bentley service and restoration facility with his brother Tony. After running his own business for 35 years Ralph joined Hunter Classics as manager in 2007 and moved to the greater St. Louis metro area of Missouri.

About Simon Curzon

Simon Curzon has been an RROC member for 25 years. He is an RROC Team Captain, and an RROC Technical Consultant. He started learning about Rolls-Royce cars at a young age at his father's shop, Hyphen Repairs, INC. Simon has carried on the Rolls-Royce service and restoration business with his own company, Zenith Motor Company, LLC. He has gone onto prepare numerous RR/B cars to RROC show winning status since 2007 in the Kansas City metro area of Missouri.
